

# Cover Stories

By Phylax

Six answers must be replaced prior to entry. In the initially populated grid, two of these entries must be modified to show their provenance. To complete the symmetrically arranged thematic group, a seventh entry must be modified in either of two ways, as the solver prefers. All changes create only real words. Numbers in brackets refer to grid entries; *The Chambers Dictionary* (2016) is recommended.

## Across

- 5** Second officer on ship backing old salt (6)
- 13** More than one being held in penitentiary (5)
- 14** Scheffler's first delicate chip at St Andrews (5)
