

That Moment by Chiffchaff

In That Moment something thematic must happen to two answers to resolve four clashes in the grid. In eight across clues one letter has dropped into the next clue and needs to be restored before solving. Read in clue order these give a thematically treated word which indicates where to look next to find out what has to happen to one further answer in the grid.

1		2	3		4	5	6		7	8	9	10
11	12					13		14				
				15								
16			17			18						
19				20	21							
22					23					24		
25					26				27			
	28			29				30				
31						32		33		34		
		35				36						37
38									39			
40								41				
	42						43
